The Chinook is the largest salmon in the Pacific rivers and is the prize catch of many an angler.

The **Chinook Lodge** by MossCreek is an estate size family lodge that features 5 bedrooms, 5 1/2 baths, with a Master Bedroom on the main level. A large two story vaulted Great Room with exposed timber trusses and an open Kitchen / Dining Room complete a dramatic interior. Exterior timber, log, and shingle detailing complete the feel of a highly prized family lodge.
