The Glacier National Park is a stunningly beautiful ice-carved terrain of serrated ridges, jutting peaks, dramatic hanging valleys, 50 glaciers, more than 200 lakes, waterfalls and thick forests covering some 1.2-million acres.

This spirit of untamed wilderness is also a part of the Glacier Camp by MossCreek. The design features 4 bedrooms, 3 1/2 baths, with a master on the main level. A large story and a half vaulted Great Room with exposed log trusses and an open Kitchen / Dining Room create a dramatic interior. Large tapered stone piers complete the feel of the pacific northwest lodge.
