As an original American art form, jazz has been an ongoing element in America's self-identity. Its composition of playful notes, in ever changing arrangements, challenges us to venture into unexplored territory.

Today, the Jazz design by MossCreek follows in its namesake's footsteps by creating a new style of living.

The Jazz interior features a main level with spacious open living, master suite, and laundry/mud room areas. A gracious screened porch creates outdoor opportunities free from insects. On the upper level the Jazz provides two guest bedrooms and a loft that looks down to the great room below.

On the exterior, the Jazz features a unique blend of modern elements set in a new melodic arrangement.
