The Rivermyst design by MossCreek is the perfect modest size home with large scale living. The exterior features log and stone detailing in a western style.

The floor plan features open plan living for spacious entertaining. A master on the main level ensures that owners of all ages can enjoy the home.

On the upper level, two bedrooms, one bath, and a bridge that overlooks the great room complete a dramatic interior.

Upper Level
684 square feet

Main Level
1,848 square feet

RIVERMYST
2,532 total square feet
