Snow peaked mountains rising above the plains of central Oregon inspire the form of the Wapiti Lodge. Its Undulating roof lines and seven ridge peaks create a reflection of the distant mountain ranges bordering this high desert environment.

The Wapiti Lodge features over 4,000 s.f. of relaxed living. A flowing main level features a vaulted Great Room and heavy beamed ceilings. The upper level features two bedrooms and two baths and a fabulous 270 degree observatory.

Upper Level  
1,256 square feet

**WAPITI**  
4,452 total square feet

Main Level  
3,196 square feet
